Develop digital competences

This capstone event will close off the second series of MoodleMunch. It is a National Forum seminar and the learning objectives are to:

1. Understand the broad structure of the DigCompEdu framework;
2. Identify specific competences in different areas of the framework that participants wish to develop;
3. Appraise the suitability of Moodle approaches and plugins that help develop specific competences;
4. Connect with fellow Moodle users and help form a community spirit.
